

D-Sens P

Known as: Desensitizing Agent with Potassium Nitrate

Description: D-Sens P is a sustained release, 3-4% potassium nitrate and 0.11% weight by weight fluoride ion, sticky, viscous gel. D-Sens P is made to be used in a custom tray.

Packing	Product Code
3 g x 1 Syr	3020/003

Properties & Advantages:

- **At home or office Desensitizer:** potassium nitrate in aqueous base makes it ideal to serve both purposes.
- **Swift Action:** Thixotropic formulation with sustain releasing properties which quickly acts on sensitivity arising due to brushing, thermal or chemical changes & whitening. It also acts in on exposed root.
- **Fluoride releases:** remineralizes exposed surfaces and prevents further sensitivity.

Indications:

- D-Sens P desensitizing gel provides a film-like varnish for sensitive teeth, sealing dentinal tubules of exposed dentin and other areas where post-operative sensitivity is a concern. The product is used either by a dental professional in the office or provided to the patient for home treatment of dentin sensitivity.

Shelf Life:

- Best before 4 years from the date of manufacturing.

Manufactured by:

Shiva Products
